7. Notice of Motion from Cllr Richard Parry

"That Holyhead Town Council discusses the desirability of a one-way system to improve traffic flow and provide additional on street parking for residents of the area"

Cllr Parry explained the ongoing issue which has previously been reported to the Isle of Anglesey County council regarding traffic flow and systems from Mount Pleasant through to Longford Road Holyhead. This issue has been taken to the Isle of County Council in previous years but there has not yet been a successful outcome.

By now councillors are concerned that there could potentially be an accident on the roads during peak hours of the day.

Discussions took place regarding the types of systems and traffic routes which could be taken, and the final decision made by full council was to invite Alun Roberts, Head of Highways from the Isle of Anglesey County Council to the next meeting to get a clear overview of what can be done in regards to the situation.
